

PUZO
O K I N A W A

Mangos produced in Okinawa are in-season
between mid June throughout mid August.
Okinawa's hot sun helps the mangos becomes
fully ripened red.

The fully ripened mangos are very juicy,
and it has a very smooth taste.

You will love the fresh scent and the rich sweetness.

It's so delicious that if you try it once,
you will definitely be coming back for more.
